Welcome to Our Affiliate Program

Collaborate. Grow both our businesses.

What is “The Affiliate Program?”

The world of politics, public affairs and strategic communication can be a lonely place. Am I right? All too often, we’re stuck on our own islands, wondering “Is there anybody out there?” Push Digital Group is trying to bridge the gap between these islands and bring our friends and clients together to create a network of like-minded collaborators.

When you think digital advertising, we want you to think of Push Digital Group.

In turn, we want to make sure that you’re receiving every incentive to keep sending us business – by doing incredible work on behalf of your referrals and sending you a percentage of our profits on that work.

How does it work?

It’s easy. You send us business. We send you money.

Send Push Digital Group a client that results in a contract for services with one of our companies, and earn the following incentives:

- ▶ 25% of advertising placement fees

- ▶ 25% of advertising placement fees

- ▶ 1% of net fundraising revenue from house file emails and house file text messaging

* Push Digital and Campaign Solutions  for commission
